DEL REAL FOODS

Del Real Foods makes tamales, carnitas, salsas, and other recipes inspired by the Cardenas' (Jesus Cardenas – the founder) native Jalisco– all created by hand with fresh ingredients and nothing artificial. Delicious, slow-cooked meats and homemade sauces that taste like you cooked them yourself are now available at your local grocery store and ready to serve in minutes.

Traditional Mexican recipes worthy of time around the table, made convenient. Created by a team that demonstrates passion, humility, and commitment.
